

OYNOS

Organic Pinot Grigio

Terre Siciliane I.G.T., Italy

GRAPE VARIETY

100% Pinot Grigio

VINIFICATION

The grapes for this wine are harvested from select vineyards according to organic methods: no use of pesticides, herbicides or synthetic fertilizers. The wine is processed at cool temperatures and fermented for about 20 days without the addition of enzymes or cultured yeasts. The finished product is stored in cool underground tanks before bottling.

WHY ORGANIC?

Oynos Organic wines are made from grapes cultivated without recourse to synthetic fungicides, herbicides or fertilizers. We believe that organically-grown grapes have a head start and are the best base for quality wines because they are not in a cycle of chemical dependency. In vineyards where the environment is respected and biodiversity encouraged, the vines grow in a living soil, full of worms and bacteria. This enables them to draw upon the optimum levels of minerals from the soil. In turn these healthy vines develop better resistance to disease and go on to produce fruit for years to come.

TASTING NOTE

Fresh and luscious fruity aromas of apple and pear with a hint of citrus fruit and flowers.

FOOD PAIRING

Ideal for quaffing on its own while gardening or enjoying with lighter fare.
